** Prices are based on the minimum hour requirements to complete training. In some cases, additional training may be required and you will be responsible for the additional costs in accordance with school's current price list. Prices are subject to change without notice. Some types of aircrafts and/or FTDs may not be available at the time of training or have long waiting lists, though Pelican will put best possible efforts to make these available. However, changes in the types of aircrafts and/or re-scheduling from FTD to aircraft flight lessons may be necessary. The relevant change in cost will apply according to current PFT fees. Voluntary aircraft upgrades are at additional costs. Shared flight hours building arrangements may be available (2 students in 1 aircraft, subject to availability) with reduced flight hour fee. Fuel surcharges are subject to change in case of a significant increase in fuel costs. Textbooks and/or reading materials may be provided via electronic copy.*
